ST Anton Arlberg

San Anton Information:

Number of Lifts: 88 / Total length of slopes: 305 Km,(180 miles)

Beginners: 131 km - Intermediate : 123 km - Advanced: 51 km.

Located at the foot of the road to the Arlberg pass and at the mainline railway.

The resort is a long, sprawling mixture of traditional and modern buildings.

Extensive slopes for adventurous, intermediates and experts.

Heavy snowfalls backed up by snowmakers, generally give good covers despite sunny slopes

Much improved lift system has greatly reduced queuing problems

Very lively apres-ski

Lift connections to Lech and Zurs, making the Arlberg the largest linked ski area in Austria with 305km of slopes.

Paradise for expert skiers and boarders, with plenty of challenging runs and off-piste options.
